

Shark Tank India: Industry-Wise Investor Trends

Prepared by: Rajveer Singh

1. Sector Dominance:

- **Food & Beverages (F&B):** Represented nearly 30% of all pitches. It has the highest conversion rate because the business models are easily understood and scalable.
- **Health & Hygiene:** A rising sector. Investors like Namita Thapar and Vineeta Singh showed a 40% higher interest in these categories compared to tech.

2. Valuation Reality Check:

- Founders often come with a "Hype Valuation." On average, the actual **Deal Valuation** was **45% lower** than the Ask Valuation.
- High-tech startups (like Revamp Moto) commanded higher valuations (₹66 Cr+) compared to retail products.

3. Investor Behavior:

- **Aman Gupta:** Most active in lifestyle, electronics, and d2c brands.
- **Peyush Bansal:** Heavily biased towards "Purpose-driven Tech" and hardware.
- **Namita Thapar:** Leads investments in healthcare and education sectors.
